Part/Order no:	Packing
RXSOL-20-2004-25	25 Ltr
RXSOL-20-2004-210	210 Ltr

Product Description:

RXSOL-20-2004 is a mixture of emulsifiers, surfactants, corrosion inhibitors and rust preventives, being noncaustic very gentle on hand & ideal for cleaning walls wood works, metal and other areas. Prevents the corrosion of metal such as zinc, aluminium, copper, brass and tin. Specialized for cargo tank cleaning and gas freeing of tanks.

Application :

RXSOL-20-2004-210 is designed to clean animal/ vegetables oils, hydrocarbons, Removes dirt, light carbonized grease, lube oil, heavy oils etc.

Using Procedure :

1st of all by stripping suction removes all possible oil (greasy materials). To prevent evaporation of lighter fraction oil flush the system with cold water. May be brushed on, sprayed (Hand spray/Direct injection) recirculate the system with RXSOL-20-2004-210 Solution.

Spraying method :

Directly spray on the contaminated area and let it act for 5-10 minutes. Then clean the system under high pressure. A solution of 5-10% in fresh water can be used for this purpose also, and may be sprayed on and hosed off using high pressure.

Circulation method : Cleaning the oil side of tank can be cleaned by circulating through with RXSOL-20-2005-HD.

Dose :

Refer to technical datasheet.

Note :

RXSOL-20-2004 has a deodorizing nature.
