

# RX MARINE INTERNATIONAL

## Total Solution Total Protection

AN ISO CERTIFIED COMPANY

### Car coating Remover

Part/Order no:	Packing
RXSOL-41-4143-25	25 Ltr
RXSOL-41-4143-210	210 Ltr

### Automotive Industry Transport Coating Remover:

RXSOL-41-4143 was especially developed to remove protective coatings and wax from foreign cars and equipment that have been coated to protect the surface from the environment while in transportation from foreign countries.

RXSOL-41-4143 may be diluted with mineral spirits or kerosene to reduce costs.

### Application:

Mix 1 part **RXSOL-41-4143** with 1-4 parts solvent. Apply to a new car with a mitt or a low pressure sprayer (tank type sprayer).

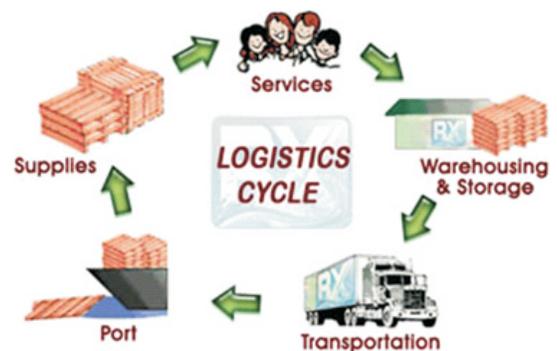

Let set on surface for 1 to 5 minutes then agitate. Rinse with clear water.

**RXSOL-41-4143** is safe on metals and tends to retard corrosion on surfaces.

### Logistics Services
