Hand wash fast breaking suds,excellent rinsinh

Part/Order no: Packing

RXSOL-41-4114-25 25 Ltr

RXSOL-41-4114-210 210 Ltr

Introduction:

RXSOL-41-4114 liquid car wash concentrate is biodegradable, non-polluting, safe on brushes and all automotive finishes. RXSOL-41-4114 is safe for use on all types of paints. RXSOL-41-4114 rinses freely to never leave a soap film on the surface of the automobile. RXSOL-41-4114 is manufactured with special rinse additives so as to rinse freely even in the hardest of water. RXSOL-41-4114 contains no caustic or alkali, it will not dull paint even when someone uses a little to much to clean a automobile. RXSOL-41-4114 is a neutral detergent that works by penetrating into dirt with wetting agents and surfactants that break down the surface tension of soil and lift it to be rinsed away. RXSOL-41-4114 does not remove wax on automotive finishes. RXSOL-41-4114 is user friendly, when you use RXSOL-41-4114 it will not attack your hands because it is neutral. RXSOL-41-4114 is very cost effective, a little goes a long way, 1-oz. to 4 gallons of water usually does the trick for hand washing. When using RXSOL-41-4114 through an automatic spray system RXSOL-41-4114 will dilute 1-oz. to 5 gallon of water.

Area of Uses:

- Hard Water Tolerant.
- Neutral PH easy on skin.
