### RECLAIM PIT BACTERIA KILLER & DEODORANT RPD-400

**Part/Order no:** RXSOL-41-4139-25  
**Packing:** 25 Ltr

#### WATER RECLAIM PIT DEODORANT:

RXSOL-41-4139 is a highly active bactericide/ bacteriostat and fungistat. It can be used as a preservative or deodorizer in large amounts of recycled water, in the transportation industry. RXSOL-41-4139 is miscible with soft or hard water ( 400ppm CaCo3) in all proportions, and is compatible with other anionics, cationics, and nonionics at the proper pH range of 7 – 12. RXSOL-41-4139 will not contribute to corrosion of metals. RECOMMENDED USE: 16 – 32 ounces RXSOL-41-4139 per 100 gallons of reclaiming pit capacity.

#### **Caution:**

RXSOL-41-4139 is slightly toxic orally and dermally and it causes mild eye and slight skin irritation in its concentrated form. This product is not mutagenic. Contains Hexahydro1,3,5 – Tris-s-triazine.
