

Beaker

Product code :- Rxsol-61-2865

Beaker:

A beaker is a simple container for stirring, mixing and heating liquids commonly used in many laboratories. Beakers are generally cylindrical in shape, with a flat bottom. Beakers are available in a wide range of sizes, from five millilitre up to several litres. RXSOL produces all their beakers in a quality borosilicate glass (3.3), as per International Standards.
