OIL FUNNEL (300 CC)

Product code :- Rxsol-61-2706

Condensers.

A funnel is a pipe with a wide, often conical mouth and a narrow stem. It is used to channel liquid or fine-grained substances into containers with a small opening. Without a funnel, much spillage would occur. RXSOL Funnels are made of high quality glasses.

Filtering funnel, borosilicate glass 60° angle with stem.
